PRESIDENT AND WIFE HONORED

A dedication dinner was held September 19, 1977, in the student center, by the College Endowment Association to salute Dr. and Mrs. Gwen Nelson for their involvement in the past 10 years in community and college projects. Among the projects noted were the purchasing of Galle Johnson Hall, the purchase of the Renn Library site, and the construction of the college physical education building. Also, mention was made of Mrs. Nelson's care in improving the college grounds without pay. In honor of the Nelsons, the College Endowment Association named the student center, the Nelson Student Center.

TO
THE STUDENTS OF 1977-78

There are many rewards for a college president, but the greatest thrill of all is to see former students climb to the top of the success ladder. In my ten years at Cowley County Community College, it has been a sincere pleasure to observe our graduates as they become leaders in medicine, law, teaching, the arts, business, and industry. Along the way, many earn distinction in athletics, dramatics, music, scholarship, and other college activities.

My hope is that the College has been, and will continue to be, a vital part of these success stories. The very purpose of our being is to provide whatever support we can to help our students achieve their goals in life.

To both former and current students, I say — try us — and let me know if you don't like us!! We are your servants.

Gwen Nelson, President

Dear Students and Graduates:

This has been a most productive year for our college, and I hope all of you have met most of your educational objectives for the term. New programs were opened for the first time and many improvements were made to existing courses and programs. However, the two factors of which the faculty and myself are most proud of our student body in curricular as well as extra curricular fields. We all are most thankful for having had the opportunity to work with such a fine group of students.

Our best wishes go with those of you who are leaving and a hearty welcome will await all of you who return to complete your work with us. Have a nice summer and come back and see us!

Sincerely yours,
A. F. Buffo, Dean of Instruction

A. F. Buffo, Dean of Instruction

Sidney Regnier, Business Manager

Walter L. Mathiasmeier, Director of Community Services

William S. Scott, Administrative Assistant and Registrar

The College continues to emphasize services to students which include programs outside the classroom. We in Student Services are happy to be working with these programs, which we feel are so important. Our two counselors, Hope Steiner and Forest Smith have been instrumental in many Student Service efforts. They have been especially active this year in developing a program of career information. Jerry Mullen, serving as financial aids director had his biggest year for aids and awards for students. Irene Cleveland served as bookstore manager for the first semester and Chris Hill took over for the second when the facility was moved to an improved location. Chris also served as our Tiger Action Club sponsor and did supervisory work in the recreation program.

A new secretary, Lou Juden, served the Student Services staff during the year, and Dr. Otis LoVette, the Dean, decided to give up his "Kotter" image and picked up the "Smith Brothers" look. Dick Carson, director of community relations, had a busy year, spent a lot of time on special photography work, and increased publicity for College events. Linda Hargrove continued the development of a comprehensive recreation program, while coaching three women's sports. She joined the full-time faculty during the spring semester.

All in all, it has been a busy but prosperous year for Student Services.

Students meet for pre-election planning.

Student Government President Connie Hobaugh.

SGA met on the first and third Wednesdays of each month, in addition to other special meetings. They kicked off the year with the traditional get-acquainted watermelon feed for the student body. This was followed by the Fall Homecoming activities and dance in October. SGA also built a float for Arkalalah and hosted the Arkalalah Queen's Ball. Prior to the Christmas Dance, SGA officers attended two conferences on leadership and student government. Christmas, as well as Thanksgiving, were times when SGA served needy families in the community with food and gifts. 1978 began with the Winter Homecoming Dance and half-time activities. The Bloodmobile was sponsored in the Spring as well as the Autumn for the community. Five contemporary films were shown free of charge during the year to the student body. Tigerama, the Spring semi-formal dance, helped to end the year on a happy note along with the SGA picnic.

TAC got a late start in supporting the Tiger basketball team this year, but after a re-election of officers, the club really got on the ball. A few activities in which TAC was involved were a knickknack sale and a cookie sale. They also made the posters for the teams this year. TAC has a small membership at the moment, but a wider variety of activities has created more interest among students which will increase the number of members already involved and so will soon be swelling its numbers.

BAREFOOT IN THE PARK

"Barefoot in the Park", a play by Neil Simon, was presented in the college auditorium March 20 and 21. The play was under the direction of Mrs. Elaine Brown. The stage crew members were: Robert Courtney, Rick Atteberry, and John Lyon. The characters and cast were: Corie - Linda Taylor; telephone repairman - Jerry Fry; delivery man - John Lyon; Paul - Rick Wertz; Corie's mother - Rosel Mulkey; Victor - Bill Walker.

"Barefoot in the Park" is the story of Corie and Paul Bratter, a newlywed couple fresh from six days of honeymoon bliss. As the play begins, they come home to a sixth-floor New York walk up apartment that boasts a hole in the skylight (through which snow drifts into the livingroom) and a bedroom that's just big enough to hold their "oversized" twin bed.

While they learn to cope with their apartment and their unique array of neighbors, they also must learn to adjust to each other.

Paul is a conservative and straight-thinking young lawyer who likes a comfortable if unexciting existence. Corie is effervescent and adventurous. She can't understand why Paul won't run barefoot in the park with her — even if it is 17° outside.

The CCCC Tiger Football Team may have had a disappointing season if you look at just the win/loss record (1 and 9); however, when you check the scores that accompany this record, you will see several close games. If you saw the Tigers in action, you know they played hard, putting a lot of effort into every game. Together with the cheerleaders and the loyal Tiger fans, pride was held at a peak during the games. When you look at the total picture, the season turned out pretty good.

BASKETBALL

This year, CCCC Tiger Basketball has been thrilling. The games were so action-packed that fans sat on the edges of their seats ready to jump up and cheer the Tigers to victory.

Jerry Mullen - one of CCCC's more successful basketball coaches. His overall record at CCCC is 82 wins and 63 losses.

The McDonald's 110% Award was instituted because McDonald's felt that the great basketball program of CCCC needed a lasting momento. This year's co-winners were Ronnie Ryer and Tonny Williams because of their hustling play which exemplifies their coach, Jerry Mullen, and his constant effort to make Cowley County Community College the best in the country. The selection committee was composed of Jerry Mullen, Linwood Burns, Otis Lo Vette, and Larry Lane. These four people felt that Tommy and Ronnie were "super" players.
